Leica GEOSYSTEMS

Leica Zeno Mobile One

License Activation Guide

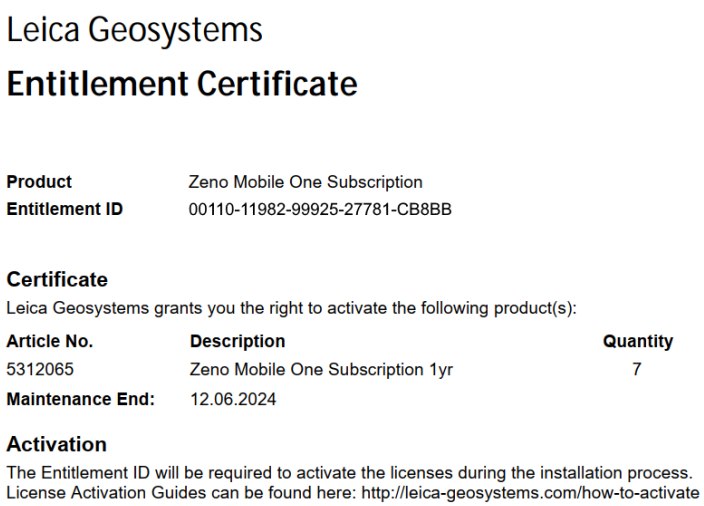
HEXAGON

1. Introduction

Zeno Mobile One is licensed by means of an Entitlement ID linked to an individual Leica Geosystems myWorld account. Only one user can be assigned to one Entitlement ID. This document explains the process for registering Entitlement IDs in myWorld and activating the license in the Zeno Mobile One app.

2. License Order

When placing an order for Zeno Mobile One licenses, an email is sent to the specified address containing individual license attachments in the form of separate PDF files. The PDF files include an essential Entitlement ID that is necessary for activating each license. Below is an example of where the Entitlement ID can be found:



Leica Geosystems

Entitlement Certificate

Product	Zeno Mobile One Subscription
Entitlement ID	00110-11982-99925-27781-CB8BB

Certificate

Leica Geosystems grants you the right to activate the following product(s):

Article No.	Description	Quantity
5312065	Zeno Mobile One Subscription 1yr	7

Maintenance End: 12.06.2024

Activation

The Entitlement ID will be required to activate the licenses during the installation process.
License Activation Guides can be found here: http://leica-geosystems.com/how-to-activate

3. Registering a License

Account Creation

Once you have the Entitlement ID of the license you wish to activate, please follow these steps:

1. Go to myworld-portal.leica-geosystems and start the process to register a new account (if you do not already have one).
2. Enter an email address and check your email to confirm the registration.
3. Enter your personal details, password and confirm the terms of use.
4. Enter you company details and press the ‘Sign Up’ button to complete the registration process.

Register a Product

After logging into your new account:

1. Navigate to ‘Products & Services’ → ‘My Products’
2. Choose ‘Add Product’ at the bottom left of the screen.
3. In the Add Product dialog choose ‘Software’ and enter your Entitlement ID.
4. Choose ‘OK’ to finish registering the product.

Assign a User

You will see your new product listed in the ‘My Products’ screen after

registering. You now must now assign yourself as the user of that product:

1. Click on the product name of your Zeno Mobile One license to open the ‘Overview’ page.
2. Choose the ‘Manage’ button under the ‘Users’ section.
3. Click your name under the ‘Available’ section of the window and then click the ‘Add’ button to assign yourself as the user.
4. Remember to click ‘**Save’** after assigning your user and the ‘Manage Users’ window will close.

4. Activating a License

1. Launch the Zeno Mobile One app on your iOS or Android device.
2. On opening, tap the ‘Login with myWorld’ button.
3. Tap ‘Continue’ on the pop-up that appears.
4. Enter your myWorld email and password and tap the Login button.
5. Zeno Mobile One will now activate your license and open the app on the main view.

5. License Migration

One license can be used on one mobile device at a time. If you need to use the license on a different device, install Zeno Mobile One and login with the same myWorld username and password.

After logging into another device, a warning will be shown on the original device asking if you want to transfer the license back again.

Please be aware that after migrating a license to another device, it's not possible to use Zeno Mobile One on the first device. However, you can move the license back to the first device when you need to.

License migration can be done three times per day per license.

6. Offline use

Zeno Mobile One can be run offline once licenced. However, the device running the app must go online **at least once every 30 days** to verify the validity of the licence.
