

Leica Geosystems Licence Activation Guide

Licence Activation for TS02/TS06/TS09

Dear valued customer...

Thank you for purchasing a licence for our product. The following instructions will guide you through the licence activation process.

 Please register your product at myWorld.leica-geosystems.com, our internet platform for our customers. myWorld provides 24/7 access to all information you require to actively manage your equipment. Here, detailed information on individual products and their service history can be found. The information also aids in maintaining the product value while at the same time enabling maximum efficiency and productivity.

Licence keys and software can also be loaded via FlexOffice. Connect the product to FlexOffice via the serial interface and load using "FlexOffice - Software Upload". Refer to the FlexOffice online help for further information.

Activate licence

 The procedure is valid for any licence key.

Step	Description	
	You can download licence keys from myWorld. Refer to "Download licence".	
	To upload a licence key, store the licence key file (for example L_2500123.key) in the \SYSTEM directory of the data storage device. Insert the data storage device into your product.	
1.	Go to Tools\Licence .	
2.	To type in a licence key: Select Method: Manual Entry Key: Type in the licence key. Click Cont . The licence is activated and can be used.	To upload a licence key: Select Method: Upload Key File
	If a software maintenance licence was activated refer to "Update software" to update the software on the product.
