

# Leica Geosystems Licence Activation Guide

## Licence Activation for TS12

### Dear valued customer...

Thank you for purchasing a licence for our product. The following instructions will guide you through the licence activation process.

 Please register your product at [myWorld.leica-geosystems.com](http://myWorld.leica-geosystems.com), our internet platform for our customers. myWorld provides 24/7 access to all information you require to actively manage your equipment. Here, detailed information on individual products and their service history can be found. The information also aids in maintaining the product value while at the same time enabling maximum efficiency and productivity.

The procedure described is valid on the CS10. Refer to the document "Licence Activation for TPS1200" when working on the total station.

### Activate licence

 The procedure is valid for any licence key.

Step	Description				
	You can download licence keys from myWorld. Refer to "Download licence".				
	To upload a licence key, store the licence key file (for example L_2500123.key) in the \SYSTEM directory of the data storage device. Insert the data storage device into your product.				
1.	Turn on the product.				
2.	Go to <b>User\Tools &amp; other utilities\Load licence keys</b> .				
3.	<table border="0"> <tr> <td>To type in a licence key: Select <b>Load key: Enter manually</b> <b>Key:</b>Type in the licence key.</td> <td>To upload a licence key: Select <b>Load key: Upload key from file</b> <b>Device:</b> Select your data storage device in use.</td> </tr> <tr> <td colspan="2">Click <b>OK</b>. The licence is activated and can be used.</td> </tr> </table>	To type in a licence key: Select <b>Load key: Enter manually</b> <b>Key:</b> Type in the licence key.	To upload a licence key: Select <b>Load key: Upload key from file</b> <b>Device:</b> Select your data storage device in use.	Click <b>OK</b> . The licence is activated and can be used.	
To type in a licence key: Select <b>Load key: Enter manually</b> <b>Key:</b> Type in the licence key.	To upload a licence key: Select <b>Load key: Upload key from file</b> <b>Device:</b> Select your data storage device in use.
